What Is Stadium

Worship?

Stadium Worship is a city-wide movement of worship, prayer, hope, and storytelling designed to bring together the people of Bulawayo and Matabeleland across generations, denominations, schools, communities, and backgrounds. This is not about promoting a church, ministry, personality, or platform.

No Logos.

No Egos.

Only One Name.

We believe that God is writing a beautiful story over Bulawayo. Stadium Worship is simply an invitation for people across the city to gather, tell that story, and worship Jesus together

Why Your Voice Matters

Every city is shaped by the stories people tell about it.

For too long, many of the stories told about Bulawayo have focused only on struggle, politics, division, or what has been lost.

But there is another story being written.

- **There are stories of faith.**
- **Stories of resilience.**
- **Stories of businesses that survived.**
- **Stories of young people building.**
- **Stories of communities helping one another.**
- **Stories of God moving quietly in ordinary lives.**

**This is not only "my story."
This is a **WE story.****

**A story that belongs to all of
us.**

**The future of Bulawayo will
be shaped by the stories we
choose to amplify.**

**Jesus has a story for
Bulawayo. We just need to
tell it well.**

THE ACTIVATOR'S MANDATE

As an Activator, your role is simple:
